Subject: Residential Acreage Summary

Attached is the monthly residential acreage summary. A monthly comparison is included for the previous month and August 1999 to show the change over a longer timeframe. A summary of public residential acreages is broken out into respective municipal sectors. In addition, the Multifamily by Quadrant figure has been updated herein.

Multifamily

City Council has requested an account of how much multifamily zoning acreage has been removed due to the adoption of the new multifamily ordinance, which allows single family development in multifamily districts, or any other zoning change. This total will be added to these monthly update memos. Acreage will be added to the total upon approval of the ordinance that changes the zoning from multifamily to the respective single-family district.

In their August meetings, the City Council did not approve any ordinances that affect multifamily zoning acreage.
